Ever since the late '60s, various outboard manufacturers have used a number of different electronic ignition systems. Early ignitions used battery-powered systems, with alternator powered systems later becoming more common. If like most do-it-yourselfers you've relied on a sketchy owners manual. With this guide you will gain a better understanding of the ignition components and how the ignition system operates and learn how to quickly determine if your problem is electrical or mechanical. CDI Electronics has been the leader in outboard marine ignition technology since 1982. This technical manual is a step by step guide to your outboard ignition for the following manufacturers: General Troubleshooting Information Chrysler/Force Johnson/Evinrude Mercury Tohatsu/Nissan Yamaha Plus DVA and Resistance Charts

More and more sailors and powerboaters are buying and relying on electronic and electric devices aboard their boats, but few are aware of proper installation procedures or how to safely troubleshoot these devices if they go on the blink.

The aim of this book, with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor (2 or 4 stroke) and be able to fix it with relative ease. It includes: an explanation of the different parts that make up the engine and how they interact; how fuel is transformed into propulsion; regular maintenance and repair

worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence; the most common causes of breakdown; troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon. After reading this book, your outboard will no longer be a potential bother to you but an ally for better boating.

On the surface, choosing the correct propeller for a particular boat seems simple. But one factor affects another, which then affects another factor, leading many boaters to believe that propeller selection depends more on black magic than logic. All the questions are answered in this complete reference, the first of its kind. This clear, easy-to-use handbook for all small boats is written not for Ph.D.s seeking the latest wrinkle in high-tech propeller design, but as a practical aid for the average mechanic, engineer, boatbuilder, fleet operator, serious yachtsman, or naval architect.

Creating and maintaining health becomes more complicated and expensive by the heartbeat. "Take Back Your Body"] offers manageable, 500-word tips that are quick to read and simple to implement-plus many ways to save time and money. The aim of this book with its detailed step-by-step colour photographs and diagrams, is to enable every owner to fix their outboard motor with ease. Troubleshooting tables help diagnose potential problems, and there is advice on regular maintenance and winterising and repair. Jean-Luc Pallas's enthusiasm for passing on his knowledge, as well as his clear explanations, precise advice and step-by-step instructions make this a unique book.

A fun and exciting guide to the world of living out at sea. This book will teach you what you need to know in order to live safely, economically and cheaply when spending months at sea. If nothing else, this book will send you chasing for your dreams, whether it be to take an adventure at sea or just about anything else. This is the first of a four-book series which begins on the journey that Lin and Larry Pardey began 34 years ago in their self-built 24-foot engineless cutter, Serraffyn. In this journey, we explore places such as Mexico, Central America, the Caribbean, and the Islands of the Atlantic ocean. Throughout the book, we learn about people and customs, we learn about the tricks of boating, we learn about survival. This 25th anniversary edition includes a new forward, new appendixes, and a color photo album showing Lin, Larry and the Serraffyn during those months at sea.

A guided tour of the world's best sailboats with an entertaining expert at your side.
