-serving as the principal proselytizing tool of one of the world's fastest growing faiths, the Book of Mormon is undoubtedly one of the most influential religious texts produced in the western world. Written by Terryl Givens, a leading authority on Mormonism, this compact volume offers the only concise, accessible introduction to this extraordinary work. Givens examines the Book of Mormon first and foremost in terms of the claims that its narrators make for its historical genesis, its purpose as a sacred text, and its meaning for an audience which shifts over the course of the history it unfolds. The

author traces five governing themes in particular--revelation, Christ, Zion, scripture, and covenant--and analyzes the Book's central doctrines and teachings. Some of these resonate with familiar nineteenth-century religious preoccupations; others consist of radical and unexpected takes on topics from the fall of Man to Christ's mortal ministries and the meaning of atonement. Givens also provides samples of a cast of characters that number in the hundreds, and analyzes representative passages from a work that encompasses tragedy, poetry, sermons, visions, family

histories and military chronicles. Finally, this introduction surveys the contested origins and production of a work held by millions to be scripture, and reviews the scholarly debates that address questions of the record's historicity. Here then is an accessible guide to what is, by any measure, an indispensable key to understanding Mormonism. But it is also an introduction to a compelling and complex text that is too often overshadowed by the controversies that surround it. About the Series: Combining authority with wit, accessibility, and style, Very Short Introductions offer an

impact on the daily lives of its followers. The book focuses on the Church of Jesus Christ of Latter-day Saints, the Salt Lake City-based church that is the largest and best-known expression of Mormonism, whilst also exploring lesser known churches that claim descent from Smith's original revelations. Designed for undergraduate religious studies and history students, *What is Mormonism?* provides a reliable and easily digestible introduction to a steadily growing religion that continues to befuddle even learned observers of American religion and culture.

politically. The successes and struggles of this U.S. born religion reveal much about how religion operates in U.S. society. Mormonism: The Basics introduces the teachings, practices, evolution, and internal diversity of this movement, whose cultural icons range from Mitt Romney to the Twilight saga, from young male missionaries in white shirts and ties to polygamous women in pastel prairie dresses. This is the first introductory text on Mormonism that tracks not only the mainstream LDS but also two other streams within the movement—the liberalized RLDS and the polygamous Fundamentalists—thus showing

how Mormons have pursued different approaches to defining their identity and their place in society. The book addresses these questions. Are Mormons Christian, and why does it matter? How have Mormons worked out their relationship to the state? How have Mormons diverged in their thinking about gender and sexuality? How do rituals and regulations shape Mormon lives? What types of sacred spaces have Mormons created? What strategies have Mormons pursued to establish a global presence? Mormonism: The Basics is an ideal introduction for anyone wanting to understand this religion within its primarily American
