This is a reflexive account of an American woman and her family's unpredictable journey through the private and public worlds of a traditional Muslim city in the process of change. As a Western stranger in Marrakech, Fernea was met with suspicion and hostility. The story of the slow growth of trust and acceptance between the author and her Moroccan neighbors involves the reader in everyday activities, weddings, funerals, and women's rituals. Both the author and her friends are changed by the encounters that she describes. *A Street in Marrakech* is a crosscultural adventure, ethnographically sound, and written in an accessible style.

"Published simultaneously in Canada by Thomas Allen & Son, Limited."

Each year, Hassan, the storyteller, gathers listeners to the city square to explore the mysterious disappearance of a young foreign couple through recollections and witness descriptions in the hope of finding new details that absolve his brother of the crime. Reprint.

Back in 1969 when Morocco's ancient capital was a hashish clouded happy mecca, Crosby, Stills and Nash recorded their cheesy (and hopelessly inaccurate) foot-tapping anthem 'Marrakech Express'. A generation on, award-winning journalist, author, and one-time glamrock fan Peter Millar uses what is now the country's best visited tourist destination as the embarkation point for a literally reverse-engineered train journey through this still exotic, diverse and challenging North African country, struggling to maintain its unique blend of tradition and tolerance in the turbulent winds of the Arab Spring.
