The problem? Most small business owners aren't writers, have never written a book before, are time poor and don't know where to start. While many want to write a book, they worry about investing months of their time and thousands of their dollars to write something that isn't any good, or to not even finish. Book Blueprint gives a step-by-step framework that any entrepreneur can follow to write a great book quickly, even if they're not a writer.

How to write a novel in the most efficient way by tackling the hardest part before you start to write, from top book coach Jennie Nash "This process makes me want to write, and it makes what I'm writing better. I read it before every draft. It's that good." -KJ Dell'Antonia, New York Times bestselling author of The Chicken Sisters Whether you're writing your first novel or your tenth, there is a temptation to pin it to the page before it disappears. It's such a brilliant idea and you can see the whole thing shimmering in your mind, just out of reach. Maybe you do some work on character development and plotting, but you're a racehorse at the gate, ready to run, ready to write. This book is an argument to stop and define the foundational elements of your story before you keep writing - which means understanding your motivation as a writer, considering your reader's expectations, and making sure your story has a solid structure that will hold up inside and out from beginning to end. This clarity is what gives a novel its power and a writer their confidence. Jennie Nash is the creator of the Book Coach Certification program at Author Accelerator and has taught hundreds of book coaches and thousands of novelists how to use the Blueprint for a Book system-and the Inside Outline at the heart of it - to help them produce their best work in the most efficient way. "Jennie Nash turned me into a plotter and changed the way I think about approaching any new project. I'm an Inside Outside outline fan for life!" -Alison Hammer, author of You and Me and Us and Little Pieces

of Me "If you are about to start writing or revising your novel - hold up! You need this book before putting fingers to keyboard. It's a step-by-step design-your-novel manual that encapsulates the most important aspect of great story-telling: how to reach deep into your writerly heart and into the heart of the story you want to bring to life." - Janet Fox, author of The Artifact Hunters "I will sing the praises of the Inside Outline forever. It's f\*ing genius." -Carla Naumburg, author of How to Stop Losing Your Sh\*t With Your Kids "The Inside Outline is making writing easier. I can focus more on the writing rather than discovering what the scene is about when I'm creating it. Why isn't every writer using it? Instead, people are plonking down good money to be told ten key steps in writing dialogue or setting a scene. I'm so grateful I'm no longer one of them." - Kate Kimball, first time novelist

A BLUEPRINT for SUCCESS is the architectural rendition of what success should look like. It will give you the detail and various views of the concept. It is no secret that achieving goals is a personal and individual pursuit. Your goals are invariably

different to those of your neighbor. One important secret in pursuing your goal is in your ability to identify it clearly and distinctly. Accomplishing any goal for success requires us to make changes to the identified product/service/present condition or situation, in order to produce what we are trying to achieve. While difficult to define success succinctly, we have been given many pointers along the way. Successful and well-known people have always given us food for thought. A few examples are: "Don't let what you cannot do interfere with what you can do." John R. Wooden "A journey of a thousand miles begins with a single step." Lao Tzu "What the mind can conceive, it can achieve." Napoleon Hill "If opportunity doesn't knock, build a door." Milton Berle The Celebrity Experts(R) in this book have dedicated themselves to their goals. Their blueprints include the good, the bad and the ugly. They are not afraid of success or failure. Their experiences will guide and mentor you as you pursue your own goals and begin designing your own SUCCESS BLUEPRINT.
