Democracy and Democratization: Processes and Prospects in ...

Democratization, the process through which a political regime becomes democratic. Interest in democratization is due in part to the association between democracy and many important positive outcomes, including respect for human rights, economic prosperity, and security.

democratization | Definition, Theories, & Facts | Britannica

The American Revolution, the French Revolution, the Chinese Revolution of 1912, and the Russian Revolution of 1917 that preceded the Bolshevik coup are examples, only the first of which established a long lasting democracy. The process of democratization may also be carried out by the governing elite themselves, as has often happened in South America, and indeed, one will find authoritarian leaders that claim their rule is required to create the conditions for democracy.

DEMOCRATIZATION

Democratization is 'the transition to a more democratic system of government.' Historically, democratization has been kicked off by several factors. Higher wealth throughout the population gives...

What is Democratization? - Definition & Process - Video ...

A democratic process is a practice that allows democracy to exist. Democracy is based on the idea that everyone should have equal rights and be allowed to participate in making important decisions. It is a form of government in which all eligible citizens are allowed equal participation, either directly (through elected leaders) or indirectly (in the proposal, development and establishment of laws that run the society).

What Is the Democratic Process?

Democratization is a difficult and delicate process, and the broadening of the constitutional agenda that comes from partici- pation may precipitate a crisis as power holders resist the new system (this is, of course, less of a problem if the making of the constitution is preceded by major changes in the power structure, due either to external factors or to local revolution).

Democracy and Democratization : Processes and Prospects in ...

Democratization. Democratization is one of the most important concepts and trends in modern political science, one whose significance is just beginning to be understood by conflict-resolution practitioners. On one level, it is a relatively simple idea, since democratization is simply the establishment of a democratic political regime. However, in practice, democratization has been anything but easy to understand, let alone achieve.

Democratization | Beyond Intractability

This wide-ranging overview of the processes of democratization in post-Communist Europe, places the transitions in East-Central Europe within a broad European and global context. The authors begin with an introduction to the concept and theories of democracy and then examine the emerging politics of the new democracies to set the post-Communist transitions in longer-term comparative perspective with earlier and existing processes of democratization in Southern Europe, Latin America, and East ...

SAGE Books - Democracy and Democratization: Post-Communist ...

Democratization (or democratisation) is the transition to a more democratic political regime, including substantive political changes moving in a democratic direction. It may be the transition from an authoritarian regime to a full democracy, a transition from an authoritarian political system to a semi-democracy or transition from a semi-authoritarian political system to a democratic political system.

Democratization - Wikipedia

DEMOCRACY, AFRICA. In the mid-1980s, democratic theory and politics in Africa entered a new phase as struggles for democratization spread across the continent and scholars began to vigorously debate the processes, prospects, and problems of Africa's democratic projects. This process was captured in an important collection edited by Peter Anyang Nyong'o, Popular Struggles for Democracy in ...
