Introduction to Kazakh Language for English Speakers. The book also includes a companion Kazakh language essay that explains some of the core concepts underlying Kazakh Notes.

Exactly 450 years after the solemn closure of the Council of Trent on 4 December 1563, scholars from diverse regional, disciplinary and confessional backgrounds convened in Leuven to reflect upon the impact of this Council, not only in Europe but also beyond. Their conclusions are to be found in these three impressive volumes. Bridging different generations of scholarship, the authors reassess in a first volume Tridentine views on the Bible, theology and liturgy, as well as their reception by Protestants, deconstructing many myths surviving in scholarship and society alike. They also deal with the mechanisms 'Rome' developed to hold a grip on the Council's implementation. The second volume analyzes the changes in local ecclesiastical life, initiated by bishops, orders and congregations, and the political strife and confessionalisation accompanying this reform process. The third and final volume examines the afterlife of Trent in arts and music, as well as in the global impact of Trent through missions.

THE STORY: TAKING SIDES takes place in the American Zone of occupied Berlin, in 1946. It is here the American portion of the De-Nazification Tribunal has convened to take over the questioning of Wilhelm Furtwängler, one of the outstanding conductors of his

In this updated and revised edition of Just Passing Through: A German American Family Saga, first published in 2011, the author tells the story of several generations of his unique but dysfunctional family spanning over a hundred years including the two world wars. Peter Zell was eight years old when World War II ended and in a prologue entitled A German - American Childhood recounts his boyhood experiences that included the apocalyptic firebombing of his hometown of Stuttgart by the western Allies, the postwar occupation of Germany, and his family's emigration to America. The book centers on the author's mother, whom her children called Mutti, and her ordeal during the Nazi era for having been married to a Jew, the son of prosperous Frankfurt business owners, with whom she had two children. With anti-Semitism on the rise in Germany, her husband decided to emigrate to America but Mutti chose to remain behind to take care of her ailing father. The couple had an amicable divorce and while her ex-husband took their son with him, their daughter remained with Mutti in Germany. Under the Nuremberg Laws of 1935, mother and daughter now found themselves classified as non-Aryans which meant that Mutti could not remarry while their teenage daughter, being half Jewish, was put in dire jeopardy of her life. At this point Mutti's older brother, himself a dedicated National Socialist, proposed an unconventional solution that ensured her survival. Following his advice, she had more children, fathered by so-called Aryans, who were eventually all brought to America. The book follows the lives of the five siblings, all half-brothers and half-sisters, and their difficult relationships with each other as each seeks to achieve his or her version of the American Dream.

Interpretation of IR and Raman Spectra provides the fundamentals of interpreting IR and Raman spectra of complex molecules primarily organic molecules. Examinations of theory provide a basis for predicting functional group frequency location in new molecular structures. Generously enriched with sample exercises to help rapidly develop powerful interpretive skills. Includes appendices with fourteen bibliographies by subject area.

Published here for the first time, this volume presents a superb range of insights into this crucial effort of the Second World War. This Naval Staff History describes the vital role of the Arctic Convoys, 1941-1945 and was first issued by the Historical Section of the Admiralty as a confidential study for use within the Royal Navy in 1954. It grew out of the earlier Battle Summary No. 22 compiled by Commander J. Owen of the Admiralty's Historical Section and issued in 1943 to cover the convoys run to North Russia in the last half of 1942 and early 1943. That wartime Battle Summary was subsequently revised and expanded by Commander L.J. Pitcairn-Jones to include all the main convoys run from August 1941 until the end of the war using all the historical records which were at hand after the war. A new preface provides additional context for the convoys, highlighting support provided to Russian forces in their struggle against Germany, for the original Staff History was narrowly focused on the naval aspects of the Arctic Convoys to Russia. This is an excellent resource for all students with a particular interest in the Arctic Convoys, the Second World War and in maritime and military history.
