This book addresses clients' questions regarding intellectual property insurance coverage and contains information vital to litigators who wish to use insurance to reimburse the cost of defending IP lawsuits, or obtain moneys for their settlement and/or indemnification of damage awards. The book focuses on the policy language carriers have used, how courts have interpreted these, and issues IP practitioners need to be sensitive to in litigating insurance cases.

This book describes how to use your printer with Windows 95 and Windows 98. The areas covered are basic printing steps, printing beyond the basics, maintaining your printer, troubleshooting, and customer support and warranty.

Civil RICO Practice Manual, Third Edition, serves as the single, most comprehensive resource to which attorneys for plaintiffs and defendants, judges, professors and students turn for information encompassing the full array of issues relating to RICO. An analytic and practical resource of high value to any attorney practicing in this area, Civil RICO Practice Manual provides comprehensive coverage of the Act and its various judicial interpretations, while at the same time taking the litigator through all aspects of RICO-based litigationand—from the complaint, through trial and appeal. This unique

resource also supplies the forms and models you need to practice confidently—and efficiently—and every step of the way. Only Civil RICO Practice Manual: Helps you determine whether there is a successful RICO claim Provides model complaints and other forms you need to prosecute or defend a claim Keeps you completely current with the latest applications or bases for civil RICO claims including copyright infringement Delivers the latest case law and analysis on RICO, including U.S. Supreme Court cases Facilitates your understanding of special issues unique to civil RICO, including the Person/Enterprise standard, which holds persons employed by the enterprise responsible for damages caused by prohibited RICO activities This new Third Edition of Civil RICO Practice Manual adds an important dimension: a meaningful discussion of the criminal uses and scope of RICO. The language of the RICO statute applies equally to civil cases and criminal indictments. As a result, U.S. Supreme Court and appellate decisions rendered in criminal RICO cases almost invariably have meaning for civil racketeering litigation. Civil RICO Practice Manual, Third Edition provides civil practitioners the insight you need regarding the criminal elements of a RICO claim. This powerful resource offers: An entire new chapter on criminal RICO claims A new Model criminal RICO indictment, providing an ideal benchmark for a plaintiff who must structure, prepare and present a civil racketeering complaint And more!

Maximum PC is the magazine that every computer fanatic, PC gamer or content creator must read. Each and every issue is packed with punishing product reviews, insightful and innovative how-to stories and the illuminating technical articles that enthusiasts crave.

How-to guidance for optimizing incumbent technologies to deliver a better product and gain competitive advantage Their zip codes are far from Silicon Valley. Their SIC codes show retail, automobile or banking. But industry after industry is waking up to the opportunity of "smart" products and services for their increasingly tech-savvy customers. Traditionally technology buyers, they are learning to embed technology in their products and become technology vendors. In turn, if you analyze Apple, Google, Amazon, Facebook, Twitter and eBay, you marvel at their data centers, retail stores, application ecosystems, global supply chains, design shops. They are considered "consumer" tech but have better technology at larger scale than most enterprises. The old delineation of technology buyer and vendor is obsolete. There is a new definition for the technology elite - and you find them across industries and geographies. The 17 case studies and 4 guest columns spread through The New Technology Elite bring out the elite attributes in detail. Every organization will increasingly be benchmarked against these elite - and soon will be competing against them. Contrasts the productivity that Apple, Google and others have demonstrated in the last decade to that of the average enterprise technology group Reveals how to leverage what companies have learned from Google, Apple, Amazon.com, and Facebook to your company's advantage Designed for business practitioners, CEOs, CFOs, CIOs, technology vendors, venture capitalists, IT consultants, marketing executives, and policy makers Other titles by Vinnie Mirchandani: The New Polymath: Profiles in Compound-Technology Innovations If you're looking to encourage technology innovation, look no further. The New Technology Elite provides the building blocks your company needs to become innovative through incumbent technologies.
