Results from world-renowned relationship expert John Gottman ' s famous Love Lab have proven an incredible truth: Men make or break relationships. Based on 40 years of research, The Man ' s Guide to Women unlocks the mystery of how to attract, satisfy, and succeed with a woman for a lifetime. For the first time ever, there is a science-based answer to the age-old question: What do women really want in a man? Dr. Gottman, author of the New York Times bestseller The Seven Principles for Making Marriage Work, and his wife and collaborator, clinical psychologist Julie Schwartz Gottman, PhD, have pored over the research along with bestselling coauthors Douglas Abrams and Rachel Carlton Abrams, MD. Together, they have written this definitive guide for men, providing answers on everything from how to approach a woman and build a connection with her to how to truly satisfy her in bed and know when the relationship is on the right track. The Man ' s Guide to Women is a must-have playbook for how to play—and win—the game of love.

These days, it ' s harder than ever to know how to act like a real man. We ' re not talking about the touchy-feely, ultra-sensitive, emotion-sharing, not-afraid-to-cry version of manhood that Oprah and Dr. Phil have been spouting for years. We ' re talking about the tough, smart, confident, charming, classy, all-around good fella that upholds the true ideal of what is known as " a man ' s man. " Now, renowned actor and true-life man ' s man Frank Vincent, famed for his unforgettable tough-guy roles in such classic films as Raging Bull, Goodfellas and HBO ' s The Sopranos, is going to show how any man can be all that he can be in love, work, play, and life. Everything you need to know is covered here, including, getting the best women by being the best man, dressing like a champ and taking on the world, winning big money and big respect in Las Vegas, selecting, smoking, and savoring a great cigar, and much more. If you want to learn how to be a man ' s man, you gotta learn from a man ' s man. And with the great Frank Vincent vouching for you, you ' ll be on your way to getting everything you ever wanted outta life.

Offers up-to-date information for men on more than 130 sexual topics from techniques to sexual harassment, presenting advice on such areas as reading a woman's body signals, how to avoid crossing the line, and more. Reprint.

BE PART OF THE SOLUTION Engage female bosses and colleagues in a way that builds cohesion instead of division Movements such as Time ' s Up and #MeToo have done an incredible job of bringing to light the issues women face in the workplace. Now, it ' s time to give men the tools they need to be part of the solution. Studies have shown that 60% of male managers feel uncomfortable working one-on-one with their female colleagues. This means over half of American male managers lack the confidence in their ability to create an inclusive environment for all of their team members. That ' s where The Man's Guide to Corporate Culture comes in. Heather Zumarraga, a business journalist who has spent much of her career in testosterone-filled work environments, wants to make sure that any male leader who wants to be part of the solution knows how to do it the right way. The Man's Guide to Corporate Culture teaches readers: Which behaviors to adopt (and which to avoid) to create and maintain a comfortable work environment for their female co-workers. How to create an environment that is not only welcoming to both women and men but also encourages healthy and respectful collaboration. Strategies to ensure that female employees are being treated fairly by all team members. And much, much more real-world tested advice and approaches to help ensure every employee (and the company as a whole) is best situated for success. There are numerous books that coach women to deal with bias and harassment in a male-dominated workplace. However, The Man's Guide to Corporate Culture is one of the only books that coaches men on how to be a part of the solution so they can engage female bosses, subordinates, and peers in a way that builds cohesion instead of division. The only way for male managers to feel confident in their ability to create an inclusive environment is to give them the tools they need for success. The Man's Guide to Corporate Culture does exactly that.

A Guy's Guide to Life: How to Become a Man in 224 Pages or Less is a teenage guy ' s handbook to becoming a man with a healthy mind, body, and soul. What does society want of teen guys? To be independent, tough, and macho? To be a sensitive, caring metrosexual? To excel in school and sports and business? The challenges are many, and we haven't even mentioned the most important-and most frightening-topic of conversation: girls. The road to manhood is a perilous one. Guys need a guidebook, one that asks and answers the questions they're reluctant to discuss. They need a book that addresses the myths of manhood with a straightforward approach teenage guys will appreciate and absorb. Author Jason Boyett understands what many fail to realize—that somewhere between the awkwardness and braggadocio, the goofiness and the developing body, there is a real person struggling to make his mark on the world.

Puts the fun back into the fundamentals of being a modern man. This sleek guide combines the wit of Glenn O ' Brien ' s How To Be a Man with the style and tone of cult fashion magazine Fantastic Man. With tips on everything from dating to careers, it will appeal equally to the twenty-something hipster as the established career man who has his sights set on that corner office. Combining quirky two-color illustrations with tips, facts, and famous quotes, The Modern Man Guide delivers serious advice in a witty, cheeky tone—more like talking to your cool best friend than listening to a lecture from your dad. Divided into six key areas of style, grooming, food and drink, work, leisure, and dating, it ' s a cheat sheet to everything the modern man needs to be his best. Topics like fashion, career advice, or choosing the right wine are often dry and boring. While other men ' s guides take themselves too seriously and end up turning the reader off, this book engages with its cheeky, irreverent voice.

Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you've wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. Short sections cover philosophy, technique, step-by-step instructions and detailed anatomical information, essential to both beginners and experienced lovers. 'It's time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end; it's the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, respect and contentment. It's also one of the greatest gifts of love a man can bestow upon a woman.' Ian Kerner
