Beaten to within an inch of his life and left for dead by the psychic sorcerer Jace Beleren, Tezzeret has lost control of the Infinite Consortium—an interplanar cabal he built from the ground up to achieve the sort of power and influence few in the Multiverse ...

Urza Triumphant. The war between Urza and Mishra is over. Brooding on the death of his brother at the hands of extraplanar forces, Urza drifts among the planes. Urza Triumphant The war between Urza and Mishra is over. Brooding on the death of his brother at the hands of extraplanar forces, Urza drifts among the planes. But the end of the Brothers' War has transformed him into something greater. Deep within his heart, a spark has been kindled to a flame that cannot be quenched. Urza has become a planeswalker.

Urza's Legacy Unfolds Urza Planeswalker has enlisted the most brilliant minds from across Dominaria to study at his academy on Tolaria. Together they work to bring to life the greatest artifact weapon Urza has ever devised, hoping to use it to defend their home from an imminent Phyrexian invasion. But treachery and tragedy stalk the tiny island, as Urza and his followers seek to manipulate time itself.

"Before planeswalkers, before the five colors of magic, before history itself, the plane of Dominaria was ruled by the Thran. They built machines and artifacts, the likes of which have never since been seen. But amid this civilization, a shadow took root, one that would stretch its arms across space and time: the hideous evil of Phyrexia was born. And in its wake arose a mighty conflict between the brothers Urza and Mishra, a battle of titanic engines that scarred an entire plane and that altered the course of history. So begins the saga of the brothers' war"--P. [4] of cover.

In this struggle for influence and power, for the keys to magical knowledge, everything you knew about novels based on Magic: The Gathering® is changing . . . Jace Beleren is a planeswalker who has taken the path of least resistance. He is gifted and powerful, but chooses not to push himself. Part of an inter-planar consortium that deals in magical artifacts, Jace has some power and influence. He also has a certain amount of security. That's all about to change. When Liliana, a dark temptress with demons of her own (quite literally), comes into his life, she brings with her more possibilities, but also more problems. Under attack from external interests, a friend dies because of decisions Jace made. Upset with himself and fearing for his life, Jace sets out to find who is behind this new threat. What he uncovers along the way, an inter-planar chase filled with peril, will alter everything he knows.

The Myth. The Magic. Dominarian legends speak of a mighty conflict, obscured by the mists of history. Of a conflict between the brothers Urza and Mishra for supremacy on the continent of Terisiare. Of titanic engines that scarred and twisted the very planet. Of a final battle that sank continents and shook the skies. The saga of the Brothers' War.
