Michael Burleigh has written a most scholarly, and yet richly readable, new history of the Third Reich. It is "new" in the sense that he combines a theoretical approach - nazism as a pseudo religious force in its mass appeal inside and outside Germany - with abundant material on the lives of everyday people.

The term "Third Reich" was coined by Arthur Moeller van den Bruck in his 1923 book Das Dritte Reich. He defined the Holy Roman Empire (800|1806) as the "First Reich", and the German Empire (1871|1918) as the "Second Reich", while the "Third Reich" was an ideal state including all German peoples , including Austria .

[Fourth Reich - Wikipedia](#)

He demonstrates how the manufactured "Fuhrer-cult" served as a crucial integrating force within the Third Reich and a vital element in the attainment of Nazi political aims. Masters of the new techniques of propaganda, the Nazis used "image-building" to exploit the beliefs, phobias, and prejudices of the day.

[The Third Reich - Wikipedia](#)

Michael Burleigh's The Third Reich presents a major study of one of the twentieth century's darkest periods. Until now there has been no up-to-date, one-volume, international history of Nazi Germany, despite its being among the most studied phenomena of our time. The Third Reich restores a broad perspective and intellectual unity to issues that have become academic subspecialties and offers a brilliant new interpretation of Hitler's evil rule. Filled with human and moral considerations that are missing from theoretical accounts, Michael Burleigh's book gives full weight to the experience of ordinary people who were swept up in, or repelled by, Hitler's movement and emphasizes how international themes for Nazi Germany appealed to many European nations. It also focuses on the Nazi's wartime conduct to dominate the Continental economy and involve gigantic population transfers and exterminations, recruitment of foreign labor, and multinational armies.

In this riveting book, Michael Burleigh sets Nazi Germany in a European context, showing how the Third Reich's abandonment of liberal democracy, decency and tolerance was widespread in the Europe of the period. He shows how a radical, pseudo-religious movement, led by an oddity with dazzling demagogic talents, seemed to offer salvation to a German exhausted by war, depression and galloping inflation. 'This is a monumental book.' Richard Overy, Sunday Telegraph 'If I had to recommend one book on the Third Reich, this would be it.' Daniel Johnson, Daily Telegraph 'It is a breathtaking achievement, at once broader and deeper than any other single volume ever published on the subject. Indeed I would go further: it is the product of authentic historical genius.' Niall Ferguson, Sunday Times 'Happily, Michael Burleigh now fills that bibliographical gap, with a readable and highly knowledgeable account of that ghastly period. You will never be bored by this extraordinary book.' Andrew Roberts, Mail on Sunday

"Brilliant." \u2013Washington Post "The clearest and most gripping account I've read of German life before and during the rise of the Nazis." \u2013A. S Byatt, Times Literary Supplement \u2013The generalist reader, it should be emphasized, is well served. . . . The book reads briskly, covers all important areas\u2013social and cultural\u2013and succeeds in its aim of giving \u2013voice to the people who lived through the years with which it deals.\u2013 \u2013Denver Post There is no story in twentieth-century history more important to understand than Hitler's rise to power and the collapse of civilization in Nazi Germany. With The Coming of the Third Reich, Richard Evans, one of the world's most distinguished historians, has written the definitive account for our time. A masterful synthesis of a vast body of scholarly work integrated with important new research and interpretations, Evans's history restores drama and contingency to the rise to power of Hitler and the Nazis, even as it shows how ready Germany was by the early 1930s for such a takeover to occur. The Coming of the Third Reich is a masterwork of the historian's art and the book by which all others on the subject will be judged.

National Book Award Winner: The definitive account of Nazi Germany and \u2013one of the most important works of history of our time\u2013 (The New York Times). When the Third Reich fell, it fell swiftly. The Nazis had little time to destroy their memos, their letters, or their diaries. William L. Shirer's sweeping account of the Third Reich uses these unique sources, combined with his experience living in Germany as an international correspondent throughout the war. The Rise and Fall of the Third Reich earned Shirer a National Book Award and continues to be recognized as one of the most important and authoritative books about the Third Reich and Nazi Germany ever written. The diaries of propaganda minister Joseph Goebbels, as well as evidence and other testimony gained at the Nuremberg Trials, could not have found more artful hands. Shirer gives a clear, detailed, and well-documented account of how it was that Adolf Hitler almost succeeded in conquering the world. With millions of copies in print, The Rise and Fall of the Third Reich is a chilling and illuminating portrait of mankind's darkest hours. \u2013A monumental work.\u2013 \u2013Theodore H. White

Chronicles the Nazi's rise to power, conquest of Europe, and dramatic defeat at the hands of the Allies.

The classic history of Adolph Hitler's rise to power and his dramatic defeat

The author presents a detailed account of his fifteen-year association with the German Fuhrer

Travelers in the Third Reich is an extraordinary history of the rise of the Nazis based on fascinating first-hand accounts, drawing together a multitude of voices and stories, including politicians, musicians, diplomats, schoolchildren, communists, scholars, athletes, poets, fascists, artists, tourists, and even celebrities like Charles Lindbergh and Samuel Beckett. Their experiences create a remarkable three-dimensional picture of Germany under Hitler\u2013one so palpable that the reader will feel, hear, even breathe the atmosphere. These are the accidental eyewitnesses to history. Disturbing, absurd, moving, and ranging from the deeply trivial to the deeply tragic, their tales give a fresh insight into the complexities of the Third Reich, its paradoxes, and its ultimate destruction.

\u2013Riveting\u2013 \u2013An elegantly composed study, important and even timely\u2013 (Kirkus Reviews, starred review) history of the Third Reich\u2013how Adolf Hitler and a core group of Nazis rose from obscurity to power and plunged the world into World War II. In \u2013the new definitive volume on the subject\u2013 (Houston Press), Thomas Childers shows how the young Hitler became passionately political and anti-Semitic as he lived on the margins of society. Fueled by outrage at the punitive terms imposed on Germany by the Versailles Treaty, he found his voice and drew a loyal following. As his views developed, Hitler attracted like-minded colleagues who formed the nucleus of the nascent Nazi party. Between 1924 and 1929, Hitler and his party languished in obscurity on the radical fringes of German politics, but the onset of the Great Depression gave them the opportunity to move into the mainstream. Hitler blamed Germany's misery on the victorious allies, the Marxists, the Jews, and big business\u2013and the political parties that represented them. By 1932 the Nazis had become the largest political party in Germany, and within six months they transformed a dysfunctional democracy into a totalitarian state and began the inexorable march to World War II and the Holocaust. It is these fraught times that Childers brings to life: the Nazis' unlikely rise and how they consolidated their power once they achieved it. Based in part on German documents seldom used by previous historians, The Third Reich is a \u2013powerful\u2013reminder of what happens when power goes unchecked\u2013 (San Francisco Book Review). This is the most comprehensive and readable one-volume history of Nazi Germany since the classic The Rise and Fall of the Third Reich.

A complete history of Hitler's empire compiled from a wide range of official and personal Nazi records
