A progenitor of modern
egalitarianism,
communitarianism, and
participatory democracy,
Jean-Jacques Rousseau is a

Access Free The Ual Politics Of Jean Jacques

Rousseau philosopher whose deep concern with the relationship between the domains of private domestic and public political life has made him especially interesting to feminist theorists, but also has made him very controversial. The essays in this volume, representing a wide range of feminist interpretations of Rousseau, explore the many tensions in his thought that arise from his unique combination of radical and traditional perspectives on gender relations and the state. Among the topics addressed by the contributors are the connections between

Access Free The Ual Politics Of Jean Jacques

Rousseau's political vision of the egalitarian state and his view of the "natural" role of women in the family; Rousseau's apparent fear of the actual danger and power of women; important questions Rousseau raised about child care and gender relations in individualist societies that feminists should address; the founding of republics; the nature of consent; the meaning of citizenship; and the conflation of modern universal ideals of democratic citizenship with modern masculinity, leading to the suggestion that the latter is as fragile a construction as the former.

Access Free The Ual Politics Of Jean Jacques

Rousseau Overall this volume makes an important contribution to a core question at the hinge of modernism and postmodernism: how modern, egalitarian notions of social contract, premised on universality and objective reason, can yet result in systematic exclusion of social groups, including women. Contributors are Leah Bradshaw, Melissa A. Butler, Anne Harper, Sarah Kofman, Rebecca Kukla, Lynda Lange, Ingrid Makus, Lori J. Marso, Mira Morgenstern, Susan Moller Okin, Alice Ormiston, Penny Weiss, Elie Wiestad, Elizabeth Wingrove, Monique Wittig, and Linda Zerilli.

Access Free The Ual Politics Of Jean Jacques

Rousseau upon its publication in 1970, *Sexual Politics* documents the subjugation of women in great literature and art. Kate Millett's analysis targets four revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar

Access Free The Ual Politics Of Jean Jacques

Rousseau
Catharine A. MacKinnon and the New Yorker correspondent Rebecca Mead on the importance of Millett's work to challenging the complacency that sidelines feminism.

The Economics and Politics of European Integration offers a comprehensive history of European integration, from the conceptualization of a United States of Europe, to the present day. The special role of the United States in this process of integration, and the expansion and evolution of the European Union, is critically analyzed. The book also

Access Free The Ual Politics Of Jean Jacques

Rousseau thoroughly discusses the current view of the EU and the complex crises emerging from the COVID-19 pandemic. While the book focuses primarily on Europe, the role of other countries is also examined. The rise of hostile enemies from Turkey, Russia, the US and China is explored, and the history and outcome of Brexit also receives unique focus. Maps are used throughout to clearly depict the enlargement process. This illuminating text will be valuable reading for students and researchers across international economics, economic history, political economy and

Access Free The Ual Politics Of Jean Jacques Rousseau studies.

Few forces are more powerful than a group of people united by a common cause. Collective objectives, known as movements, have been known to radically alter the course of human history. This book traces an array of important political and social movements from their inception to their apex, with plentiful side discussions of notable proponents.

Analyzes the eighteenth-century French philosopher's writings about women, sexuality, and the family, and suggests that Rousseau's

Access Free The Ual Politics Of Jean Jacques

philosophy is not
misogynous.

Praised and denounced when it was first published in 1970, *Sexual Politics* not only explored history but also became part of it. Kate Millett's groundbreaking book fueled feminism's second wave, giving voice to the anger of a generation while documenting the inequities -- neatly packaged in revered works of literature and art -- of a complacent and unrepentant society. *Sexual Politics* laid the foundation for subsequent feminist scholarship by showing how cultural discourse reflects

Access Free The Ual Politics Of Jean Jacques

Rowe systematized subjugation and exploitation of women. Millett demonstrates in detail how patriarchy's attitudes and systems penetrate literature, philosophy, psychology, and politics. Her incendiary work rocked the foundations of the literary canon by castigating time-honored classics -- from D. H. Lawrence's *Lady Chatterley's Lover* to Norman Mailer's *The Naked and the Dead* -- for their use of sex to degrade and undermine women. A new introduction to this edition draws attention to some of the forms patriarchy has taken recently in consolidating its oppressive

Access Free The Ual Politics Of Jean Jacques Rousseau and dangerous control.

Political representation lies at the core of modern politics. Democracies, with their vast numbers of citizens, could not operate without representative institutions. Yet relations between the democratic ideal and the everyday practice of political representation have never been well defined and remain the subject of vigorous debate among historians, political theorists, lawyers, and citizens. In this volume, an eminent group of scholars move forward the debates

Access Free The Ual Politics Of Jean Jacques

Rousseau
about political representation on a number of fronts. Drawing on insights from political science, history, political theory, economics, and anthropology, the authors provide much-needed clarity to some of the most vexing questions about political representation. They also reveal new and enlightening perspectives on this fundamental political practice. Topics discussed include representation before democracy, political parties, minorities, electoral competition, and ideology. This volume is essential reading for anyone interested in the ideal and

Access Free The Ual Politics Of Jean Jacques

Rousseau of political
representation.

Ever since the French Revolution, Madame de Pompadour's comment, "Après moi, le déluge" (after me, the deluge), has looked like a callous if accurate prophecy of the political cataclysms that began in 1789. But decades before the Bastille fell, French writers had used the phrase to describe a different kind of selfish recklessness--not toward the flood of revolution but, rather, toward the flood of public debt. In *Before the Deluge*, Michael Sonenscher examines these fears and the

Access Free The Ual Politics Of Jean Jacques

Rousseau to them, and the result is nothing less than a new way of thinking about the intellectual origins of the French Revolution. In this nightmare vision of the future, many prerevolutionary observers predicted that the pressures generated by modern war finance would set off a chain of debt defaults that would either destroy established political orders or cause a sudden lurch into despotic rule. Nor was it clear that constitutional government could keep this possibility at bay. Constitutional government might make public credit more secure, but public

Access Free The Ual Politics Of Jean Jacques

Rousseau might undermine constitutional government itself. Before the Deluge examines how this predicament gave rise to a widespread eighteenth-century interest in figuring out how to establish and maintain representative governments able to realize the promise of public credit while avoiding its peril. By doing so, the book throws new light on a neglected aspect of modern political thought and on the French Revolution.

Since the 1990s, critics and curators have broadly accepted the notion that participatory art is the

Access Free The Ual Politics Of Jean Jacques

ultimate political art: that by encouraging an audience to take part an artist can promote new emancipatory social relations. Around the world, the champions of this form of expression are numerous, ranging from art historians such as Grant Kester, curators such as Nicolas Bourriaud and Nato Thompson, to performance theorists such as Shannon Jackson. *Artificial Hells* is the first historical and theoretical overview of socially engaged participatory art, known in the US as “social practice.” Claire Bishop follows the trajectory of twentieth-century art and examines key

Access Free The Ual Politics Of Jean Jacques

Rousseau in the development of a participatory aesthetic. This itinerary takes in Futurism and Dada; the Situationist International; Happenings in Eastern Europe, Argentina and Paris; the 1970s Community Arts Movement; and the Artists Placement Group. It concludes with a discussion of long-term educational projects by contemporary artists such as Thomas Hirschhorn, Tania Bruguera, Pawe? Althamer and Paul Chan. Since her controversial essay in Artforum in 2006, Claire Bishop has been one of the few to challenge the political and aesthetic

Access Free The Ual Politics Of Jean Jacques

Rousseau of participatory art. In *Artificial Hells*, she not only scrutinizes the emancipatory claims made for these projects, but also provides an alternative to the ethical (rather than artistic) criteria invited by such artworks. *Artificial Hells* calls for a less prescriptive approach to art and politics, and for more compelling, troubling and bolder forms of participatory art and criticism.
