Three classic works of vampire literature come together for the first time in one volume. Complementing the complete texts are background essays as well as additional selections by the three authors and others. Because the vampire novel has proven so influential in film, an extensive filmography is included.

Wilkie Collins was one of the most popular novelists during England ' s Victorian era. While Collins scholarship has often

## Access Free Three Vampire Tales New Riverside Editions

focused on social issues, this critical study explores his formal ingenuity, particularly the novel of testimony constructed from epistolary fiction, trial reports and prose monologue. His innovations in form were later mirrored by Vera Caspary, who adapted *The Woman in White* three times into contemporary fiction. This text explores how the formal dialogue between Collins and Caspary has linked sensation fiction with noir thrillers and film noir.

Costello-Sullivan has compiled a student-friendly version of Sheridan Le Fanu ' s 1872 vampire tale, "Carmilla." This critical edition includes an introduction by the editor, a timeline, a short biographical sketch of the author, a selected bibliography, and four original, scholar-authored essays that explicate the novella for an

## Access Free Three Vampire Tales New Riverside Editions

undergraduate audience. This work situates "Carmilla" within its Irish cultural milieu and treats the text as self-standing rather than as a precursor to Dracula.

Bret Easton Ellis is one of the most famous and controversial contemporary American novelists. Since the publication of his opus primum, *Less than Zero* (1985), critics and readers alike have become fascinated with the author's style and topics; which were extremely appealing to the MTV generation that acknowledged him as their cultural guru. As a result, an early review of the novel declared, "American literature has never been so sexy". In this book, Ellis's novels and collections of short stories are analyzed, focusing mainly on the role fear, trauma and paranoia play in these texts. These aspects are fundamental not only to Bret Easton Ellis's

## Access Free Three Vampire Tales New Riverside Editions

literature but also to contemporary American literature (Don DeLillo, John Barth or Thomas Pynchon 's novels, just to name some quintessential examples within postmodern American letters, cannot be understood or defined without reference to fear and paranoia). More importantly, they play a major role in American culture and society.

Provides new definitions of the Gothic in a variety of artistic contexts Explores a range of Gothic from architecture through literature to music and the technological arts Provides an opportunity to hear new thinking from established scholars as well as showcasing work by new scholars Highlights new definitions of the Gothic from a wide variety of perspectives The Gothic in all its artistic forms and ramifications is traced from the medieval to the

## Access Free Three Vampire Tales New Riverside Editions

twenty-first century. From architecture, painting and sculpture through music, ballet, opera and dance to installation art and the graphic novel, each of the 33 chapters reflects on and weighs in on the ways in which the Gothic is taken up in the art forms and modes under examination. An Introduction discusses Gothic as a changing cultural form across the centuries with deep psychological roots. This is followed by sections on: architectural arts; the visual arts; music and the performance arts; the literary arts; and media and cultural arts.

The publisher Edward Lloyd (1815-1890) helped shape Victorian popular culture in ways that have left a legacy that lasts right up to today. He was a major pioneer of both popular fiction and journalism but has never received extended scholarly investigation

## Access Free Three Vampire Tales New Riverside Editions

until now. Lloyd shaped the modern popular press: Lloyd's Weekly Newspaper became the first paper to sell over a million copies. Along with publishing songs and broadsides, Lloyd dominated the fiction market in the early Victorian period issuing Gothic stories such as *Varney the Vampire* (1845-7) and other 'penny dreadfuls', which became bestsellers. Lloyd's publications introduced the enduring figure of Sweeney Todd whilst his authors penned plagiarisms of Dickens's novels, such as *Oliver Twiss* (1838-9). Many readers in the early Victorian period may have been as likely to have encountered the author of *Pickwick* in a Lloyd-published plagiarism as in the pages of the original author. This book makes us rethink the early reception of Dickens. In this interdisciplinary collection, leading scholars explore the world of Edward Lloyd and his stable of writers, such as Thomas Peckett Prest and James

## Access Free Three Vampire Tales New Riverside Editions

Malcolm Rymer. *The Lloyd brand shaped popular taste in the age of Dickens and the Chartists. Edward Lloyd and his World fills a major gap in the histories of popular fiction and journalism, whilst developing links with Victorian politics, theatre and music.*

This book explores new critical ground by addressing the intersection of two contentious concepts, postfeminism and Gothic. This collection of original and exciting essays examines a number of Gothic texts, from Anne Radcliffe's romances to modern horror films, in conjunction with diverse postfeminist theories, from backlash to postmodern feminism.

"This collection of original essays presents pedagogical tools, methods, and approaches for incorporating the figure of the

## Access Free Three Vampire Tales New Riverside Editions

vampire into the learning environment of the college classroom. The essays foster collaboration and dialogue across different disciplines, and serve as a collective resource for those who would teach the vampire"--

This engaging volume presents the complete texts of three of the most important—and historically popular—examples of the Oriental tale genre. Supporting contextual material includes samples of Orientalist writing from *The Spectator*, Johnson's *Rambler*, Goldsmith's *Citizen of the World*, and Edgeworth's complete tale "Murad the Unlucky," as well as a selection of modern critical essays.
